Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 2  
Original Sheet 1

### S2. BASIC LOCAL EXCHANGE SERVICE

#### S2.1 GENERAL

- A. Basic local telephone service is provided by means of station, wire, switching and other facilities, and plant and equipment to enable the establishment of telephone communications between stations in the same or different exchanges at monthly rates. A maximum of seven (7) digits or frequency pulses will be provided by the Telephone Company for completion of local service or extended area service. The rates for local exchange service apply to all customers.
- B. The base rate area for each exchange is found on maps located in Section 11 of this Tariff.
- C. The rates for service not specifically shown in this section are presented in other sections of this Tariff or in the Hayneville Fiber Transport, Inc. Price List.

#### S2.2 BASIC LOCAL SERVICE RATE GROUPS

Local service rate groups are established as follows:

##### Rate Groups

Fort Deposit  
Georgiana Exchange  
Greenville  
McKenzie Exchange

#### S2.3 ALPBABETICAL LISTING OF EXCHANGES

Fort Deposit  
Georgiana  
Greenville  
McKenzie

#### S2.4 LOCAL CALLING AREAS

##### Exchange

##### Exchanges in Local Calling Area

Section 2  
Second Revised Sheet 6

**S2. BASIC LOCAL EXCHANGE SERVICE**

**S2.8 DUAL PARTY RELAY SYSTEM**

**A. GENERAL**

Dual Party Relay Service permits hearing and speech impaired users of Telecommunications Devices for the Deaf (TDD) to communicate with users of ordinary telephones. Communication takes place by relaying conversations (voice to TDD and TDD to voice). These calls are between one party who must communicate by means of a TDD and another who communicates by means of an ordinary telephone. Messages are rated from the rate center of the calling party to the rate center of the called party.

**B. RATES**

Each customer is billed a monthly fee of .15 per month. This charge is billed to all customers regardless whether a particular customer needs or utilizes Dual Party Relay service.

**S2.9 LIFELINE ASSISTANCE PROGRAM**

Lifeline Assistance is a government assistance program developed to reduce rates for primary residential telephone service or broadband Internet access service to qualifying subscribers who receive income-based benefits. The Company participates in this program to increase the availability of telecommunications services to all consumers in its serving areas.

(C,N)

**A. General**

Lifeline Assistance reduces an eligible customer's monthly rates for basic voice telephone service or broadband Internet access service. An eligible customer receives one federally subsidized credit per month toward the cost of voice telephone service or broadband Internet access service.

(C,N)

(C,N)

1. The broadband Internet access service must have a minimum broadband speed of 10 Mbps downstream/1 Mbps upstream and a minimum usage allowance of 150 Gigabytes per month. Dial-up service does not qualify as a broadband Internet access service for purposes of Lifeline Assistance. See the Company's Price List for a description of broadband service offerings.

d/b/a Camellia Communications

Section 2  
Third Revised Sheet 7

**S2. BASIC LOCAL EXCHANGE SERVICE**

**S2.9 LIFELINE ASSISTANCE PROGRAM (Cont'd)**

**B. Regulations**

To constitute a qualifying low-income customer eligible to receive Lifeline services, a customer must meet the requirements set forth in either paragraph 1. or 2. below:

- 1. A customer’s household income must be at or below 135% of the Federal Poverty Guidelines for a household of that size;
  - a. For purposes of these rules, “income” means gross income as defined under Section 61 of the Internal Revenue Code, 26 U.S.C. § 61, for all members of the household. This means all income actually received by all members of the household from whatever source derived, unless specifically excluded by the Internal Revenue Code, Part III of Title 26, 26 U.S.C. § 101, *et seq.*
  - b. A “household” is any individual or group of individuals who are living together at the same address as one economic unit. A household may include related and unrelated persons. An “economic unit” consists of all adult individuals contributing to and sharing in the income and expenses of a household. An adult is any person eighteen (18) years or older. If an adult has no or minimal income, and lives with someone who provides financial support to him/her, both people shall be considered part of the same household. Children under the age of eighteen (18) living with their parents or guardians are considered to be part of the same household as their parents or guardians.
- 2. Lifeline Assistance is also available to all residential customers who participate in one of the following low income assistance programs. A subscriber will also be considered to be eligible even if he does not personally participate in any of the following programs, so long as an individual who lives in his household participates in at least one of these programs:

- (c) Supplemental Security Income (SSI)
- (d) Federal Public Housing Assistance (FPHA)
- (e) Veterans and Survivors Pension Benefit

(T)  
(D,N)  
|  
(D)

3. In addition to meeting the qualifications provided in paragraph 1. or 2. of this section, in order to constitute a qualifying low-income customer, a customer must not already be receiving a Lifeline service, and there must not be anyone else in the subscriber's household subscribed to a Lifeline service.

4. Qualifying subscribers must provide the Company with acceptable documentation as proof of their eligibility to receive Lifeline service under the income-based or program-based requirements; the documentation must be securely retained by the Company. If the Company has a reasonable basis to believe that the subscriber no longer meets the qualifying criteria for Lifeline service, the Company must notify the subscriber of impending termination of the subscriber's Lifeline service in writing separate from the subscriber's monthly bill. If the subscriber fails to provide proof of eligibility within thirty (30) days following the Company's written request to the subscriber to recertify eligibility, the credit will be discontinued on the bill and the subscriber will be de-enrolled from the Lifeline program within five (5) business days after the expiration of the subscriber's time to respond to the request.

(C,N)  
|  
(C,N)

5. If the Company receives notification from the program administrator that the subscriber is receiving Lifeline service from another eligible telecommunications carrier or that more than one member of a subscriber's household is receiving Lifeline service, the subscriber will be de-enrolled from Lifeline Assistance without notice within five (5) business days following the Company's receipt of the program administrator's notification.

Section 2  
First Revised Sheet 7B

### S2. BASIC LOCAL EXCHANGE SERVICE

#### S2.9 LIFELINE ASSISTANCE PROGRAM (Cont'd)

##### B. Regulations (Cont'd)

6. The Company will confirm a subscriber's continued eligibility to receive Lifeline service on an annual basis by requiring the subscriber to sign a certification as to his/her present qualifications for Lifeline service. The Company must notify the subscriber in writing separate from the subscriber's monthly bill that failure to respond to the recertification request will trigger de-enrollment. If the subscriber fails to provide proof of eligibility within sixty (60) days following the company's written request to the subscriber to recertify eligibility, the credit will be discontinued on the bill and the subscriber will be de-enrolled from the Lifeline program within five (5) business days after the expiration of the subscriber's time to respond to the recertification efforts. (N)
7. A subscriber who requests de-enrollment must be de-enrolled by the Company within two (2) business days after the request.
8. The Company will not provide Lifeline benefits to subscribers who:
  - a. have used the Lifeline benefit to enroll in a qualifying Lifeline-supported broadband Internet access service offering with another Lifeline provider within the previous twelve (12) months; or
  - b. have used the Lifeline benefit to enroll in a qualifying Lifeline-supported voice telephone service offering with another Lifeline provider within the previous sixty (60) days.
9. A subscriber may receive Lifeline benefits prior to completion of the twelve (12)-month period or the sixty (60)-month period only if:
  - a. the subscriber moves his residential address;
  - b. the subscriber's current provider ceases operations or otherwise fails to provide service;
  - c. the provider has imposed late fees for non-payment greater than or equal to the monthly end user charge for the supported service; or (N)

Section 2  
Original Sheet 7C

**S2. BASIC LOCAL EXCHANGE SERVICE**

**S2.9 LIFELINE ASSISTANCE PROGRAM (Cont'd)**

**B. Regulations (Cont'd)**

**9. (Cont'd)**

- d. the subscriber's current provider is found to be in violation of the FCC's rules during the twelve (12)-month period, and the subscriber is impacted by the violation. (N)

If the subscriber transfers his Lifeline benefit pursuant to this paragraph, the subscriber's Lifeline benefit will apply to the newly selected service until the end of the original twelve (12)-month period, and the subscriber will not be required to recertify until the end of the original twelve (12)-month period. The subscriber's original provider must provide the subscriber's eligibility records to either the subscriber's new provider or the subscriber to comply with the twelve (12)-month service period. (N)

- 10. The Company will process all applications and apply the appropriate credit on the customer's monthly bill. A secondary service charge is not applicable for existing customers who subscribe to Lifeline Assistance. (T)
- 11. As a participant in Lifeline Assistance, customers are eligible to receive Toll Limitation Service at no charge for any Lifeline service that charges a fee for toll calls, either domestic or international, that is in addition to the monthly price of the customer's Lifeline service. This service will only be provided at the customer's request and is limited to plans that distinguish between local and long-distance calling. (T)
- 12. Local service deposit requirements will be waived for customers who voluntarily receive Toll Limitation Service. (T)
- 13. Participants in Lifeline Assistance shall not be disconnected from Local Service for non-payment of toll charges. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for non-payment of toll charges. Lifeline Assistance will not be connected if an outstanding balance is owed by the customer for local service. (T)

**S2.9 LIFELINE ASSISTANCE PROGRAM (Cont'd)**

**B. Regulations (Cont'd)**

- 14. Partial payments that are received from Lifeline voice telephone customers will first be applied to local service charges and then to any outstanding toll charges. (T,M)  
|  
(T,M)  
  
(D)  
|  
(D)  
(N,T)  
|  
(N)
- 15. Lifeline subscribers may apply their Lifeline discount to voice telephone service, broadband Internet access service, or a bundle of broadband Internet access service and voice telephone service; and plans that include optional calling features, such as, but not limited to, caller ID, call waiting, voicemail, and three-way calling. The Lifeline discount may also be applied to family shared data plans. The calling plan must be in the name of the eligible subscriber, and a household may receive only one Lifeline supported service. Partial payments from Lifeline subscribers purchasing bundled packages or packages containing optional calling features will first be applied to pay down the allocated price of the Lifeline voice services. (N)
- 16. The PICC will not be billed to Lifeline customers who subscribe to toll blocking and do not presubscribe to a long distance carrier. (T,M)  
(M)

**C. Credit (T)**

The following monthly credit will apply for each customer eligible for Lifeline Assistance: (T)

	<u>Monthly</u>
	<u>Credit</u>
Federal Credit	\$9.25

The maximum Lifeline Assistance credit available to Alabama customers is \$9.25 per month.

Credit amount will not exceed the basic charge for local telephone service, which includes the Subscriber Line Charge, access line and local usage, or for the Company's listed charge for the subscribed service offering or for similar offerings subscribed to by customers who do not qualify for Lifeline Assistance. ## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 3  
Sheet 1

### S3. SERVICE CONNECTION CHARGES

#### S3.1 GENERAL

- A. Service charges are the nonrecurring charge or charges applied to the services ordered or connected into service at the customer's request. These include charges for initial commencement of service, changes, restoration, and rearranging of service or facilities.
- B. Service charges may be paid under one of the following plans, at the option of the subscriber.
  - 1. Plan 1 Payment in full at the time service is requested.
  - 2. Plan 2 Payment in full, on first month's billing.
- C. In all cases where special or unusual construction or installation is required, such charges are in addition to the prescribed service charges.

#### S3.2 DEFINITIONS

- A. Service Order Work Charge: The charge that applies for work performed by the Company in connection with the receiving, recording and processing of customer requests for service.
  - 1. Primary Service Order: The service order charge associated with the establishment and or rearrangement of service.
  - 2. Secondary Service Order: The service order charge associated with the processing of a change requiring record keeping only.
- B. Central Office Line Connection charge: The term "Central Office Line Connection Charge" applies to the charge for arranging an exchange line to provide service between the central office and the customer's premises and/or other premises where the service is to be terminated.
- C. Premises Visit: One charge applies for all work ordered and requested to be completed at the same time on the same premises.
- D. Insufficient Funds Charge: The charge applied each time a check, electronic funds transfer, or bank draft is returned for the reason of insufficient funds or no account.

## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 3  
First Revised Sheet 2

### S3. SERVICE CONNECTION CHARGES

#### S3.2 DEFINITIONS (Cont'd)

- E. Restoration and Suspension Charge: The charge applied for restoration of service after suspension for nonpayment or to the suspension of service temporarily at the request of the customer.
- F. Number Change Charge: The charge applied when a customer requests a change in their telephone number.

#### S3.3 APPLICATION OF SERVICE CHARGES

##### A. GENERAL

1. Service charges as used herein and in other sections of this tariff are applicable to the ordering, connecting, moving, changing, rearranging and furnishing of telephone service and other telephone facilities and service. The charges apply as follows except as provided hereinafter in other sections of this tariff.
2. Service order charges are applicable to the following services:
  - All classes of Basic Local Exchange Service
  - Miscellaneous Service Arrangements and Auxiliary Equipment
3. Where the service desired necessitates the use of more than one item of service subject to the service charge, the total charge is the sum of the separate service charges for each item of service furnished except as hereinafter provided.

d/b/a Camellia Communications

Section 3  
First Revised Sheet 3

### S3. SERVICE CONNECTION CHARGES

#### S3.3 APPLICATION OF SERVICE CHARGES (Cont'd)

##### A. GENERAL (Cont'd)

4. When service is re-established at a location which has been destroyed or made untenable by fire, wind or flood, service charges for connection, move or change do not apply when service is re-established within a reasonable time. If the subscriber desires service at a new location for a temporary period, service charges for connection will apply for the establishment of service at a temporary location but no service charge will apply when service is reestablished at the former location.
5. Service charges may be paid at the time of application of service or as otherwise provided herein.
6. Service charges apply to installations changing or adding touchtone service, custom calling features, number changes or any other miscellaneous service as specified in this tariff.

##### B. APPLICATION

1. Primary Service Order - Applies per customer request for work performed by the Company for the same account. Where more than one account is located at the same premises, work in each individual account will be considered separately.
2. Secondary Service Order - Applies per customer request for changes in existing service. The charge is specified when applicable to a particular service. This charge is applied to changes in miscellaneous credit card applications, custom calling features, touchtone service, and O.C.P. (D, C)
3. Central Office Line Connection Charge – Applies for work in the central office necessary to effect customer requested changes in service, and changing connections in distribution facilities between the central office and the customer's premises, including necessary cross connections and line and station transfer.
4. Premises Visit - Applies for all work ordered and requested to be completed at the same time on the same premises.

First Revised Sheet 4

**S3. SERVICE CONNECTION CHARGES**

**S3.3 APPLICATION OF SERVICE CHARGES (Cont'd)**

**B. APPLICATION (Cont'd)**

5. Restoration and Suspension Charge - This charge is made up of a primary service order charge and Central Office line connection charge.
6. Termination Charge - Applies when a customer terminates a service that bears a basic termination liability prior to the expiration of the initial service period specific for that service.
7. Number Change Charge - Applies when a customer requests a change in their telephone number.

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 4  
Original Sheet 1

### S4. MISCELLANEOUS SERVICE ARRANGEMENTS

#### S4.1 CUSTOM CALLING SERVICES

##### A. DEFINITIONS

1. Call Waiting - This feature signals a subscriber talking on his line that another call has been placed to his line. Call waiting allows the first call to be put on hold while the second call is answered.
2. Call Forwarding - With this feature all incoming calls are forwarded to another telephone number. This arrangement may be activated by dialing a code and the telephone number of the service to which calls are to be forwarded and is deactivated by dialing another number. The call forwarding customer is responsible for the payment of any applicable message unit charge or direct distance dialed message toll charge for each call between his Call Forwarding telephone and the telephone to which the call is being forwarded. The charge applies to all calls that are answered at the telephone to which the calls are being forwarded, including person-to-person and collect calls even though they may not be accepted at the answering service.
3. Three-Way Calling - This feature enables a third party to be added to a two-way conversation without operator assistance. Normal transmission performance quality cannot be guaranteed on all calls.
4. Speed Calling - This feature provides for the calling of a 7 or 10 digit telephone number by dialing an abbreviated code. This arrangement is available in an eight-number capacity.
5. Revertive Calling - This feature enables a subscriber with a private line to ring his extensions, including off-premises extensions, by dialing a number.
6. Call Wake-Up - This is an arrangement by which a subscriber dials a 2-digit code that allows him to program a wake-up time by a 24-hour clock. The telephone will then ring back the subscriber at the pre-programmed time.
7. Cancel Call Waiting - This arrangement will allow a Call Waiting subscriber to disable the Call Waiting feature of their telephone for the duration of a telephone call. The subscriber dials a code prior to placing a call to temporarily disable the Call Waiting feature.

Original Sheet 2

### S4. MISCELLANEOUS SERVICE ARRANGEMENTS

#### S4.1 CUSTOM CALLING SERVICES (Cont'd)

##### A. DEFINITIONS (Cont'd)

8. Speed Calling 30 - This provides for the calling of a 7 or 10 digit telephone number by dialing an abbreviated code. This arrangement is available in a thirty number capacity.
9. Shared Speed Calling - This arrangement allows 2 or more subscribers to "share" a speed calling list by notifying the telephone company which other telephone numbers will be involved in this arrangement.
10. Do Not Disturb - Do Not Disturb allows a subscriber to prevent incoming calls from ringing his/her line by diverting them to a tone or recorded announcement (RCAN).
11. Ringmaster - This feature enables two or three telephone numbers to share the same line. A unique ringing pattern is provided for each of the additional numbers so that the customer can determine which telephone number the calling party has dialed. Unique call waiting tones may also be provided.
12. Call Transfer - This is an arrangement that enables a subscriber to receive or originate calls on their number and transfer that call to a second number. This is done by a switchhook of the receiver button and dialing the third party's number. The subscriber hangs up the phone leaving the two parties connected. Call transfer can only be used in connection with individual line service and both lines must be served out of the same central office.

##### B. GENERAL

1. The services are limited to those areas served by central offices for Custom Calling Services and are subject to the availability of facilities. Custom Calling Services are only available on lines equipped for touch-tone service.
2. Custom Calling Services are available to residence customers.
3. No assurance can be given that transmission will be fully satisfactory during conference and call forwarding calls.

Section 4  
Original Sheet 4

### S4. MISCELLANEOUS SERVICE ARRANGEMENTS

#### S4.2 TOLL RESTRICTION SERVICE

##### A. GENERAL

1. The service is one party with Dial "1" outward toll restriction and collect and third number inward toll restriction. Outward toll is allowed for credit card, collect or third number billing through Dial "011 access. 110" + toll is also available.
2. The service is offered in exchanges subject to the availability of the appropriate equipment.
3. Inward Collect Call and Inward Third Number Charge Restriction may not be available for calls placed from certain geographical locations.
4. Toll Restriction with PIN will provide the capability for a customer to dial a specific code (customer defined) that would toggle the customer's line from "Toll Restricted" (i.e. not allowed) to "Toll Allowed" on a per call basis.

##### B. RATES

	Monthly Rate
1. "1" + outward Toll Restriction	Residence \$2.50
2. Inward Collect Call	N/C
3. Inward Third Number Charge Restriction	N/C
4. "0" + toll restriction	\$2.50
5. Toll restriction with PIN	\$3.75

If more than one of the above services is applicable the subscriber will be charged only for the higher rated service.

### S4. MISCELLANEOUS SERVICE ARRANGEMENTS

#### S4.3 REMOTE CALL FORWARDING

##### A. GENERAL

1. Remote Call Forwarding (RCF) is a service whereby a call placed from a station (the originating station) to a customer's (the RCF customer) telephone number (the call forwarding location) is automatically forwarded by Telephone Company central office equipment to another station designated by the RCF customer (the terminating station).
2. Remote Call Forwarding service is offered subject to availability of suitable facilities.
3. RCF service is not offered where the terminating station is a coin telephone.
4. The Telephone Company will not provide identification of the originating telephone number to the Remote Call Forwarding customer.
5. Transmission characteristics may vary depending on the distance and routing necessary to complete the remote forwarded call.
6. Remote Call Forwarding is not represented as suitable for satisfactory transmission of data.
7. Call Forwarding should not be offered as a feature at the RCF terminating station.
8. Remote Call Forwarding is provided on the condition that the customer subscribe to sufficient RCF features and facilities to adequately handle calls to the RCF customer without interfering with or impairing any services offered by the Telephone Company. If, in the opinion of the Telephone Company, additional Remote Call Forwarding features at the call forwarding location or facilities at the terminating station line are needed, the customer will be required to subscribe to such additional RCF features and facilities. In the event the customer refuses to subscribe to such additional RCF features and facilities said customer's RCF service shall be subject to termination.

**B. Rates (Cont'd)**

**1. (Cont'd)**

**b. Recurring Charges (Cont'd)**

**(2) (Cont'd)**

- (a) Between the originating station and call forwarding location. The charge for this portion of a remotely forwarded call shall be the charge specified in this tariff for the type of call involved.
- (b) Between the call forwarding location and the terminating station. The Remote Call Forwarding customer is responsible for all toll charges as specified in the applicable tariff. These charges apply to all calls answered at the terminating station, including person-to-person and collect calls, even though such calls might not be accepted at the answering location.

Original Sheet 8

### S4. MISCELLANEOUS SERVICE ARRANGEMENTS

#### S4.4 CUSTOM LOCAL AREA SIGNALING SERVICES (CLASS)

##### A. GENERAL

Custom local area signaling service is a group of central office call management features offered in addition to basic telephone service.

##### B. DEFINITIONS

1. **Auto Recall** This feature enables a customer to place a call to the telephone number associated with the most recent call received whether or not the call was answered or the number is known. The customer can dial a code to request that the network place the call. If the called line is not busy, the call is placed. If the called line is busy, a confirmation announcement is heard, the customer hangs up and a queuing process begins. For the next thirty minutes both calling and called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone the call will automatically be placed.
2. **Automatic Call Back** Automatic call back, when activated, automatically redials the last number the customer attempted to call. If the called line is not busy, the call will be placed. If the called line is busy, a confirmation announcement is heard, the customer hangs up and a queuing process begins. For the next thirty minutes both the calling and the called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone, the call will automatically be placed.

## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 4  
Original Sheet 9

### S4. MISCELLANEOUS SERVICE ARRANGEMENTS

#### S4.4 CUSTOM LOCAL AREA SIGNALING SERVICES (CLASS) (Cont'd)

##### B. DEFINITIONS (Cont'd)

3. Distinctive Ringing Distinctive ringing provides a distinctive ringing pattern to the subscribing customer for up to four specific telephone numbers.

The customer creates a screening list of up to four telephone numbers through an interactive dialing sequence. When a call is received from one of the predetermined telephone numbers, the customer is alerted with a distinctive ringing pattern (short, long, short). Calls from telephone numbers not included on the screening list will produce a normal ring. If the customer subscribes to Call Waiting (see Section 7.2 of this Tariff) and a call is received from a telephone number on the Call Selector screening list while the line is in use, the Call Waiting tone will also be distinctive. When a telephone number on the Distinctive Ringing screening list also appears on the Selective Call Forwarding list, the Selective Call Forwarding will take precedence. Likewise, when the same number is shown on the Selective Call Acceptance list, the call will be blocked. A customer's line will not produce a distinctive alert if the calling line is not referenced to and originated by the main telephone number or an identified telephone number that represents all the lines in a collection of lines, such as multiline hunt groups.

4. Selective Call Forwarding Selective call forwarding allows the customer to transfer selected calls to another telephone number. A screening list of up to ten numbers is created by the customer and placed in the network memory via an interactive dialing sequence. Subsequently, calls are forwarded to the Call Forwarding telephone number only if the calling number can be obtained and is found to match a number on the screening list.

If the customer also subscribes to Selective Call Rejection and the same telephone number is entered on both screening lists, the Selective Call Acceptance feature must be deactivated to allow the call to forward. This feature will not work if the calling line is not referenced to and originated by the main telephone number, or an identified telephone number that represents all the lines in a collection of lines such as multiline hunt groups.

## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 4  
Original Sheet 10

### S4. MISCELLANEOUS SERVICE ARRANGEMENTS

#### S4.4 CUSTOM LOCAL AREA SIGNALING SERVICES (CLASS) (Cont'd)

##### B. DEFINITIONS (Cont'd)

5. Selective Call Rejection This feature provides the customer the ability to prevent incoming calls from up to ten different telephone numbers. A screening list is created by the customer either by adding the last number associated with the line or by pre-selecting the telephone numbers to be blocked. When a call is placed to the customer's number from a number on the screening list, the caller receives an announcement indicating that the party he has been attempting to call does not wish to receive his call at this time. If the customer also subscribes to Selective Call Forwarding and/or Distinctive Ringing and the same telephone numbers appear on those screening lists, Selective Call Rejection will take precedence. This feature will not work if the incoming call is from a telephone number in a multiline hunt group unless the telephone number is the main telephone number in the hunt group or is telephone number identified.
6. Customer Originated Trace Customer originated trace enables the customer to initiate an automatic trace of the last call received.

Upon activation by the customer, the network automatically sends a message to the Telephone Company indicating the calling number, the time the trace was activated, and in some locations, the time this feature would be required to contact the appropriate law enforcement official. Only calls from within the Custom Local Area signaling service equipped offices are traceable using Customer Originated Trace. This feature will not work if the incoming call is from a telephone number in a multiline hunt group, unless the telephone number is the main telephone number in the hunt group, or is telephone number identified. In some locations, if the customer makes or receives another call after hanging up from the annoying call, prior to activating the trace, customer originated Trace will not record the correct number.

## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 4  
Original Sheet 11

### S4. MISCELLANEOUS SERVICE ARRANGEMENTS

#### S4.4 CUSTOM LOCAL AREA SIGNALING SERVICES (CLASS) (Cont'd)

##### B. DEFINITIONS (Cont'd)

7. Selective Call Acceptance Selective call acceptance allows the customer to select up to ten customer telephone numbers from which calls are to be received. All other calls are routed to a recorded announcement that informs the caller that the customer does not wish to receive his call. Selective Call Acceptance takes precedence over Selective Call Rejection, Selective Call Forwarding, and Distinctive Ringing. If a calling number is not on the customer's list, no further screening feature is required.
8. Calling Name and Number Delivery This feature is a terminating class feature which allows a subscriber to receive the calling party's name and number, in addition to the date and time of the call, during the first silent interval of the power ringing cycle before the call is answered. This feature is offered on a flat rate subscription basis.
9. Calling Name and Number Delivery Deluxe. This feature is a terminating CLASS feature which allows a subscriber to receive the calling party's name and number, in addition to the date and time of the call, during the first silent interval of the power ringing cycle before the call is answered or in conjunction with the feature call waiting. Any customer subscribing to this service will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of this equipment to perform satisfactorily with the network features described herein. If the incoming call is from a caller who subscribes to Ringmaster, the telephone number transmitted will always be the main number rather than the ringmaster number. If the incoming call is from a caller served by a PBX, only the main number of the PBX is transmitted and available for display. If the incoming call originates from a multiline hunt group, the telephone number transmitted will always be the main number of the hunt group. This feature is offered on a flat rate subscription basis.

Section 4  
First Revised Sheet 12

**S4. MISCELLANEOUS SERVICE ARRANGEMENTS**

**S4.4 CUSTOM LOCAL AREA SIGNALING SERVICES (CLASS) (Cont'd)**

**B. DEFINITIONS (Cont'd)**

- 10. Calling Number Delivery Blocking This feature enables certain customers as described in Section 7.12 C.1.c to prevent the transmission of their Telephone Number on all outgoing calls placed M from the customer's line. Calling Number Delivery Blocking Per Line is in operation on a continuous basis. If the preassigned access code for Calling Number Delivery Blocking Per line is dialed on a line that is provisioned with Calling Number Delivery - Per Line, the Telephone Number may be delivered. (T)
  
- 11. Calling Number Delivery Blocking Per Call This feature allows a customer to temporarily prevent the transmission of that customer's Telephone Number (TN) and thus control its availability to the called party. The transmission of the Telephone Number can be temporarily prevented on an as needed basis by dialing a preassigned access code prior to making a call. This action must be repeated each time a call is made to prevent the transmission of the Telephone Number. (T, D)
  
- 12. Screening List Editing This is a set of support procedures that serves as the basis (prerequisite) for the following features: Distinctive Ringing/Call Waiting Indication, Selective Call Acceptance, Selective Call Forwarding, Selective Call Rejection  
  
It provides voice- guided instruction which allows subscribers to activate and deactivate features, obtain feature status information, and create or modify lists of telephone numbers. Each list is associated with a particular feature to identify those telephone calls which should receive special treatment. (T)

### S4. MISCELLANEOUS SERVICE ARRANGEMENTS

#### S4.4 CUSTOM LOCAL AREA SIGNALING SERVICES (CLASS) (Cont'd)

##### C. CONDITIONS

1. The following limitations apply:
  - a. Custom Local Area Signaling Service is provided subject to the availability of facilities. Additionally, the features described will only operate on calls originating and terminating within Custom Local Area Signaling Service equipped offices. Also, feature screening lists can only contain telephone numbers of subscribers served out of Custom Local Area Signaling Service equipped offices.
  - b. The service is available to all single party customer who have touch-tone service.
  - c. The service will not work on an originating basis with Company provided Public and Semi-Public Telephone service, toll terminals or trunks.
  - d. Appropriate service order charges apply except during Company selected period of special promotion. These charges will apply when the Company is required to restore functions that are disabled by the customer, i.e., reestablished screening lists.
2. All limitations listed in Section 7.12 C.1 are applicable to the Calling Number Delivery feature in addition to the following:
  - a. Calling Number Delivery is available to single exchange line residence customers. Calling Number Delivery is not available for lines equipped with Rotary (Grouping) arrangements.
  - b. The Company will deliver all numbers, subject to technical limitations, including telephone numbers associated with Non-published Listing service as described in Section 27 of this Tariff.

### S5. CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

#### S5.1 LINE EXTENSION CHARGES

##### A. General

1. Construction or installation charges are nonrecurring charges made under certain conditions as hereinafter set forth and are in addition to applicable charges for the class of service furnished, mileage charges and other charges that may be applicable.
2. Construction charges are payable at the time the application for service is signed or when the amount is rendered, as the Company, at its option, may require.
3. The word "Cost", wherever used in this section, is to be interpreted to mean the cost of labor and materials, and include charges for supervision and other overhead expense associated with the construction or installation.
4. When attachments are made to poles of other companies, in lieu of providing new pole line construction for which the subscriber would regularly be charged construction charges under the provision of this section, the attachment rental charges to the Company for such attachments may be borne in whole or in part by the subscriber as the particular circumstances may warrant.
5. Any poles, conduit, cable or other plant provided at the expense of the customer, on either a public highway or on private property shall not be used by the customer for any purpose other than service furnished by the Company for the support of cable, wire or other apparatus of the Company, except upon approval of the Company.
6. In all cases of construction on public highway or on private property to serve customers in general, ownership of the poles, conduit, and other plant must be vested either in the Company or some other company with which the Company has joint use arrangement. All plant is maintained and replaced at the expense of the Company.

Section 5  
Original Sheet 2

### S5. CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

#### S5.1 LINE EXTENSION CHARGES (Cont'd)

##### A. General (Cont'd)

7. Except as provided under "Temporary Service," where the applicant is located outside the base rate area and the construction of outside plant is required to provide the facilities to serve one or more applicants, the applicant or applicants may be required to bear that portion of the cost of such construction in excess of an amount equal to five years exchange service charges for the service subscribed for. Neither station installations, including drop wire, protector, inside wiring, telephone set or any plant within the base rate area shall be considered as construction cost.
8. When a special type of construction is desired by a subscriber or when the individual requirements of a particular situation makes the construction unusually expensive, the subscriber is required to bear the excess cost.

##### B. Private Right-Of-Way

When the applicant is so located that it is necessary to use private right-of-way to furnish service and the Company is unable to obtain the required right-of-way without cost, the applicant may be required to pay the cost incurred in securing, clearing and retaining such right-of-way.

##### C. Exceptions to Construction Charges

Except as provided under "Temporary Service", no construction charge is made for the provision of new pole lines or wire on public highways within the Base Rate Area. Except as provided under "Temporary Service", where the applicant is located outside the Base Rate Area and the construction of outside plant is required to provide facilities to serve one or more applicants, the applicant or applicants may be required to bear the cost of such construction. Neither station installations, including drop wire, protector, or any plant within the Base Rate Area shall be considered as construction costs.

Section 5  
Original Sheet 3

### S5. CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

#### S5.2 TEMPORARY SERVICE

When construction is required for temporary service and there is no immediate prospect of reusing the plant provided, the subscriber is required to bear the total cost of such construction and installation and the cost of removal, if removed, provided, however, that the salvage value of any plant removed, excluding the telephone set, shall be deducted from the total cost to be paid by the subscriber.

#### S5.3 MOVES OR CHANGES OF EXISTING CONSTRUCTION

When the Company shall move or change existing construction or equipment for which no specific charge is quoted in this Tariff, the person at whose request the move or change is made may be required to bear the cost of such change.

#### S5.4 MISCELLANEOUS SERVICES

##### A. General

When a special type of construction is desired by a subscriber or when the individual requirements of a particular situation make the construction unusually expensive, the subscriber is required to bear the excess cost of such construction.

##### B. Charges to the Customer

1. In all cases, normal service charges (Service Connection Charge) apply.
2. Except as indicated in this schedule, no other charges will be made when Buried Distribution Systems or Buried Drops are utilized to provide service.
3. When a customer desires a special type of installation, or to be served by a type of construction not normal to the area in which he is located, or which is not normally provided by the Telephone Company, the customer may be required to pay the time and material cost of such installation or construction.

### S6. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT AND SYSTEMS PROVIDED BY THE CUSTOMER

#### S6.1 GENERAL REGULATIONS

##### A. General

This section addresses the responsibilities and liabilities of the customer and company where customer provided terminal equipment and communication systems interconnect with the regulated services of the Telephone Company. Customer provided refers to any equipment purchased or leased by the customer from the Telephone Company or from any other provider of such equipment.

##### B. Responsibility of the Customer

Customer-provided communications equipment may be used with the facilities furnished by the Telephone Company for telecommunications services as provided in this Tariff or in the Company's General Subscriber Services Tariff. In all such cases the customer-provided communications equipment will be constructed, maintained and operated as to work satisfactorily with the facilities of the Telephone Company. Where telecommunications service is available under this Tariff or under the Company's tariff for use in connection with customer-provided communications systems, the operating characteristics of such equipment or system shall be such as not to interfere with any of the services offered by the Telephone Company. Such is subject to the further provisions that the customer-provided equipment or system does not endanger the safety of Telephone Company employees or the public; damage, require change in or alteration of, the equipment or other facilities of the Telephone Company; interfere with the proper functioning of such equipment or facilities; or impair the operation of the Telephone Company's service. Upon notice from the Telephone Company that the customer-provided equipment or system is causing or is likely to cause such hazard or interference, the customer shall make such change as shall be necessary to remove or prevent such hazard or interference. The customer indemnifies and saves the Telephone Company harmless against claims for infringement of patents arising from combining such equipment or system with, or using it in connection with, facilities of the Telephone Company; and against all other claims arising out of any act or omission of the customer in connection with facilities provided by the Telephone Company.

### S6. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT AND SYSTEMS PROVIDED BY THE CUSTOMER

#### S6.1 GENERAL REGULATIONS (Cont'd)

##### C. Responsibility of the Telephone Company

The Company shall not be responsible for the installation, operation or maintenance of any customer-provided terminal equipment or communications system. Telecommunications or private line service is not represented as adapted to the use of customer-provided equipment or systems and where such are connected to the Company facilities the responsibility of the Company shall be limited to the furnishing of facilities suitable for telecommunications service and to the maintenance and operation of such facilities in a manner proper for such telecommunications service. Subject to this responsibility, the Company shall not be responsible for (1) the through transmission of signals generated by the customer-provided equipment or systems or for the quality of, or defects in, such transmission, or (2) the reception of signals by customer-provided equipment or systems, or address signaling where such signaling is performed by customer-provided signaling equipment.

The Telephone Company will, at a subscriber's request, provide information concerning interface parameters, including the number of ringers which may be connected to a particular telephone line needed to permit customer-provided terminal equipment to operate in a manner compatible with telecommunications or private line service.

The Telephone Company may make changes in its telecommunications or private line services, equipment, operations or procedures, where such action is not inconsistent with Part 68 of the Federal Communications Commission's Rules and Regulations. If such changes can be reasonably expected to require modification or alteration of customer provided terminal equipment or communications systems or materially affect its performance, the Company will make a reasonable effort to notify the customer in advance, to allow the customer an opportunity to maintain uninterrupted service.

The Telephone Company will not be responsible for any loss or damage, nor for any impairment or failure of the service, arising from or in connection with the use of facilities of customers and not caused solely by the negligence of the Telephone Company.

### S6. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT AND SYSTEMS PROVIDED BY THE CUSTOMER

#### S6.1 GENERAL REGULATIONS

##### D. Violation of Regulations

Where any customer-provided equipment or system or communication system provided to a customer is used with telecommunications service in violation of any of the provisions in this Tariff, the Telephone Company will take such immediate action as necessary for the protection of its services, and will promptly notify the customer of the violation. The customer shall discontinue such use of the equipment or system or correct the violation and shall confirm in writing to the Company within 10 days, following the receipt of written notice from the Company, that such use has ceased or that the violation has been corrected. Failure of the customer to discontinue such use or to correct the violation and to give the required written confirmation to the Telephone Company within the time stated above shall result in termination of the customer's service until such time as the customer complies with the provisions of this Tariff. The right of the Telephone Company to terminate service as provided above, includes the right to suspend the service or to disconnect such customer-provided equipment or communications system.

##### E. Hazardous or Inaccessible Locations

Customer-provided equipment which serve a location which the Telephone Company considers impracticable to service because of hazard or inaccessibility may be connected with telecommunications service by means of connecting equipment furnished by the Telephone Company.

##### F. Provisions of Channels and Equipment

When the customer elects to provide his own communications system, it is contemplated that the customer shall provide all station apparatus and associated channels which are a part of the system and which are located on the same customer's premises as the system.

### S6. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT AND SYSTEMS PROVIDED BY THE CUSTOMER

#### S6.1 GENERAL REGULATIONS (Cont'd)

##### G. Recording, Reproducing, and Automatic Answering and Recording Equipment

###### 1. Recording of Two-way Telephone Conversations

Telecommunications and private line services are not represented as adapted to the recording of two-way telephone conversations. Customer-provided voice recording equipment may be connected with telecommunications and private line services, in accordance with the provisions in this Tariff, subject to the following conditions:

When recording equipment is in use and is a direct electrical connection with services of the Telephone Company, a recorder tone that is repeated at intervals of approximately fifteen seconds is required except that the recorder tone described is not required:

- a. When the equipment will be used by public fire and police departments exclusively for the receipt of intrastate fire and police calls, and intended at all times for such purpose.
- b. For Federal Communications Commission licensed broadcast stations for the purpose of recording two-way telephone conversations for broadcast over the air so long as those activities are consistent with the applicable broadcast regulations.
- c. When such equipment is used by the United States Department of Defense at command centers for emergency communications transmitted over the Defense Department's private line system when connected to the telecommunications network.

### S6. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT AND SYSTEMS PROVIDED BY THE CUSTOMER

#### S6.1 GENERAL REGULATIONS (Cont'd)

- G. Recording, Reproducing, and Automatic Answering and Recording Equipment (Cont'd)
  - 1. Recording of Two-way Telephone Conversations
    - d. For the United States Secret Service of the Treasury Department to record Telephone conversations which endanger the safety and security of the President of the United States, and members of his immediate family. Customer-provided voice recording equipment shall be so arranged that it can be physically connected to and disconnected from Telephone Company facilities and switched on and off.

#### S6.2 CONNECTIONS OF REGISTERED TERMINAL EQUIPMENT AND SYSTEMS

- A. Customer-provided registered terminal equipment, registered protective circuitry, and registered communications systems may be directly connected at the customer's premises to the telecommunications network, subject to Part 68 of the Federal Communication Commission's Rules and Regulations:
  - 1. A customer-provided registered PBX or key system may be connected directly to the public switched network or behind a Company provided Centrex system provided that the customer-provided equipment and the associated customer-provided premises wiring are in compliance with Section 68.214 and 68.215 of the FCC's Rules and Regulations.
  - 2. The customer shall notify the Company of each line to which registered equipment is to be connected and shall notify the Company when such registered equipment is permanently disconnected. The customer shall provide the Company the registration number and ringer equivalence number for the registered equipment. The customer is also responsible for specification of the appropriate protective connecting arrangement when other than the standard jack is required. (See FCC Part 68, Section 68.106, Notification to Telephone Company.)

### S6. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT AND SYSTEMS PROVIDED BY THE CUSTOMER

#### S6.2 CONNECTIONS OF REGISTERED TERMINAL EQUIPMENT AND SYSTEMS (Cont'd)

##### A. (Cont'd)

3. The Company is not obligated to provide system and/or terminal equipment or station wiring beyond the point of connection (network interface) with customer-provided systems and/or terminal equipment.

##### B. Premises Wiring Associated with Registered or Grandfathered Communications Systems

Premises Wiring is wiring which connects separately-housed equipment entities or system components to one another, or wiring which connects and equipment entity or system component With the telephone network interface, located at the customer's premises and not within an equipment housing.

1. Fully-protected Premises Wiring is premises wiring which is:
  - a. No greater than 25 feet in length (measured linearly between the point where it leaves equipment or connector housings) and registered as a component of and supplied to the user with the registered terminal equipment or protective circuitry with which it is to be used.
  - b. A cord which complies with (1) preceding and which is extended once by a registered extension cord. Extension cords may not be used as a substitute for wiring which for safety reasons should be affixed to or embedded in a building's structure.
  - c. Wiring located in an equipment room with restricted access, provided that this wiring remains exposed for inspection and is not concealed or embedded in the building's structure, and that it conforms to Part 68 of the Federal Communications Commission's Rules and Regulations.

#### S6.2 CONNECTIONS OF REGISTERED TERMINAL EQUIPMENT AND SYSTEMS (Cont'd)

##### B. Premises Wiring Associated with Registered or Grandfathered Communications Systems (Cont'd)

###### 1. (Cont'd)

d. Electrically behind registered equipment, system components or protective circuitry which assure that electrical contact between the wiring and commercial power wiring or earth ground will not result in hazardous voltages or excessive longitudinal imbalance at the telephone network interface.

###### 2. Protected Premises Wiring Requiring

Acceptance Testing for Imbalance is premise wiring which is electrically behind registered equipment, system components or circuitry, which assure that electrical contact between the wiring and commercial power wiring will not result in hazardous voltages at the telephone network interface.

###### 3. Unprotected Premises Wiring is all other premise wiring. Customers who intend to connect premise wiring other than Fully-Protected Premises Wiring to the telephone network shall give advance notice to the Company in accordance with the procedures specified in Part 68, Section 68.106(c) of the Federal Communication Commission's Rules and Regulations.

### S6. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT AND SYSTEMS PROVIDED BY THE CUSTOMER

#### S6.3 CONNECTIONS OF GRANDFATHERED TERMINAL EQUIPMENT AND GRANDFATHERED COMMUNICATIONS SYSTEMS

##### A. Direct Connections and Connections through Connecting Arrangements Provided by the Company

1. If the initial rule-compliance connection was made prior to January 1, 1980, grandfathered Terminal Equipment and Grandfathered Communication Systems may remain directly connected and be moved and reconnected to the telecommunications network for the life of the equipment without registration. The equipment or system may be modified only in accordance with Part 68 of the Federal Communication Commission's Rules and Regulations, subject to the following:
  - a. The customer shall notify the Company when grandfathered terminal equipment or a communication system is to be connected. Notification should include a description of the equipment, manufacturer's name, model number and type of equipment and state its previous connection, which qualifies it for continued connection. The customer shall also notify the Company when such communications equipment and systems are to be permanently disconnected.
  - b. All connections are made through a network interface agreeable to the Company and the customer.
  - c. All such connections shall comply with all the criteria contained in Subpart D of Part 68 of the Federal Communication Commission's Rules and Regulations both prior to and after the application of each of the mechanical and electrical stresses specified in that section.

Original Sheet 9

### S6. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT AND SYSTEMS PROVIDED BY THE CUSTOMER

#### S6.4 ACOUSTIC OR INDUCTIVE CONNECTIONS

##### A. General

Customer-provided voice or data terminal equipment and customer-provided communications systems may be acoustically or inductively connected at the customer's premises to the telecommunications network provided the connection is made externally to the network control signaling unit when the unit is Telephone Company-provided. The customer provided communications equipment must comply with all the criteria contained in Subpart D of Part 68 of the Federal Communications Commission's Rules and Regulations both prior to and after the application of each of the mechanical and electrical stresses specified in that section.

#### S6.5 CONNECTION OF CUSTOMER-PROVIDED COMMUNICATIONS SYSTEMS NOT SUBJECT TO PART 68 OF THE FCC RULES AND REGULATIONS

##### A. Customer-provided communications systems not subject to Part 68 of the Federal Communications Commission's Rules and Regulations may be connected with telecommunications services in accordance with this Price List. These communications systems (including channels derived from such systems), not exceeding voice grade, may be connected at the customer's premises provided that:

1. Such telecommunications service or customer provided communications system is utilized for the origination or termination of communications at the customer's premises where the connection is made.
2. The connection shall be through a network control signaling unit and connecting arrangement furnished by the Company.
3. The connection shall be made through switching equipment provided either by the customer or by the Company.

Original Sheet 10

### S6. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT AND SYSTEMS PROVIDED BY THE CUSTOMER

#### S6.5 CONNECTION OF CUSTOMER-PROVIDED COMMUNICATIONS SYSTEMS NOT SUBJECT TO PART 68 OF THE FCC RULES AND REGULATIONS (Cont'd)

##### A. (Cont'd)

4. The provisions relating to minimum protection criteria set forth in Subpart D of Part 68 of the Federal Communications Commission's Rules and Regulations both prior to and after the application of each of the mechanical and electrical stresses specified in that section. As related to minimum protection criteria and when applied to the connection of customer-provided communications systems, the term "Customer's premises" shall include any premises on which the customer-provided communications system is terminated. Where a telecommunications service is used in the provision of a composite data service for others and connection of such service is made to a communications system provided by a customer and the connection is made through customer-provided data switching equipment, the provisions of 1. and 3. above do not apply.

#### S6.6 CONNECTIONS OF CUSTOMER-PROVIDED TERMINAL EQUIPMENT SPECIFICALLY EXCLUDED FROM THE FCC REGISTRATION PROGRAM

Customer provided terminal equipment may be connected at the customer's premises to party line or semipublic coin service of the company in accordance with the following:

The connection of customer-provided terminal equipment to services specifically excluded from the Federal Communications Commission's Registration programs shall be through a protective connecting arrangement which must be furnished by the Company. The connection of customer- provided communications equipment must comply with all the criteria contained in Subpart D of Part 68 of the Federal Communications Commission's Rules and Regulations both prior to and after the application of each of the mechanical and electrical stresses specified in that section.

### S7. EMERGENCY SERVICE

#### S7.1 ENHANCED UNIVERSAL EMERGENCY SERVICE NUMBER – E911

##### A. General

1. Enhanced Universal Emergency Number Service, also referred to as Enhanced 911 service or E911 is a telephone exchange communications service whereby a Public Safety Answering Point (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911.
2. Enhanced 911 Service is offered subject to availability of jointly owned facilities provided by Hayneville Fiber Transport, Inc. D/B/A Camellia Communications (HFT) with BellSouth Telecommunications or CenturyTel. Jointly owned facilities are necessary because the company serving boundaries and political subdivision boundaries may not coincide and because the company serving boundaries and because HFT does not provide the equipment necessary to translate and receive Automatic Location Identification.
3. The E911 customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for emergency police, fire or other emergency services within the telephone central office areas arranged for 911 calling.

##### B. Service Features

Enhanced 911 is available to HFT's Local Network Area in the form of Automatic Number Identification and Selective Routing (ANI/SR). HFT will provide its exchange public the ability to access their Enhanced 911 Service Area by Selective Routing. HFT will also provide Automatic Location Identification Data Base Maintenance. AN1 will be routed to BellSouth Telecommunications or CenturyTel for forwarding to the subscribing customer's predetermined Public Safety Answering Point (PSAP).

### S7. EMERGENCY SERVICE

#### S7.1 ENHANCED UNIVERSAL EMERGENCY SERVICE NUMBER – E911 (Cont'd)

##### C. Rules and Regulations

1. This service is limited to the use of central office telephone number 911 as the Universal Emergency Telephone Number. Only one E911 service will be provided within any government agency's locality.
2. The 911 emergency telephone number is not intended as a total replacement for the telephone service of the various public safety agencies which participate in the use of this number.
3. The service is furnished to the customer only for the purpose of receiving reports of emergencies by the public.
4. E911 Service, provided under the tariff of other carriers, is provided solely for the benefit of the customer operating a PSAP. The provision of Selective Routing, Automatic Number Identification and Location Identification Data Base Maintenance by HFT shall not be interpreted, Construed, or regarded, either expressly or implied by, as being for the benefit of or creating any HFT obligation toward third person or legal entity other than the subscribing customer.
5. HFT does not undertake to answer and forward E911 calls, but furnishes the use of its facilities which, together with facilities of other carriers enables the subscribing customer's personnel to respond to such calls on the customer's premises.
6. Temporary suspension of service is not provided for any part of the E911 Service.

### S7. EMERGENCY SERVICE

#### S7.1 ENHANCED UNIVERSAL EMERGENCY SERVICE NUMBER – E911 (Cont'd)

##### C. Rules and Regulations (Cont'd)

7. The customer agrees to release, indemnify and hold harmless HFT for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence condition, occasion or use of E911 Service features and the equipment associated therewith, or by any services furnished by HFT in connection therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 Service hereunder, and which arise out of the negligence or other wrongful act of the HFT, the customer, its user, agencies or municipalities, or the employees or agents of any one of them.
8. Applications for E911 Service must be executed in writing by each customer. If application for service is made by an agent, HFT must be provided written satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
9. HFT's liability for any loss or damage arising from errors, interruptions, defects, failures, or malfunctions of this service of any part thereof whether caused by the negligence of HFT or otherwise shall not exceed the greater of \$50.00 or an amount equivalent of the pro rata charges for the service affected during the period of time that the service was fully or partially inoperative. These limited damages shall be in addition to any credit, which may be given for an out of service condition.
10. The telephone number, name and address of the subscriber may be disclosed in connection with E911 service, whether such service is provided by the Company or any other person. The subscriber waives any privacy interest in his telephone number, name and address in connection with E911 service.

**S7.1 ENHANCED UNIVERSAL EMERGENCY SERVICE NUMBER – E911  
(Cont'd)**

**C. Rules and Regulations (Cont'd)**

**11. Rates and Charges**

- a. Calling party is not charged for calls placed to the 911 number.
- b. Rates and charges are priced in regards to main and equivalent main stations, rounded upwards to the next nearest 1,000. This count is based upon the maximum number of the stated main stations in service during the most current twelve month period at the time service is established. This count will be adjusted annually to update customer billing with the applicable twelve month period being the twelve months ending with the calendar year.

Rate per 1000 main stations serviced

	NONRECURRING CHARGE	MONTHLY RATE
Automatic Number Identifications, Selective Routing, and Automatic Location Identification Database Maintenance	\$2,000	\$165.00
Local Facility		\$160.00

**D. Definitions**

Automatic Number Identifications (ANI) is a feature which automatically forwards the telephone number of the calling E911 party to facilities of Bellsouth Telecommunications or CenturyTel for processing in accordance with its E911 tariff. Selective Routing (SR) is a feature which provides the capability to selectively forward an E911 calling party to jointly provide specific trunk group(s).

Automatic Location Identification (ALI) is a feature by which the name (business accounts only) and the primary address associated with the calling party's telephone number (identified by ANI) is forwarded to the PSAP.

### S7. EMERGENCY SERVICE

#### S7.1 ENHANCED UNIVERSAL EMERGENCY SERVICE NUMBER – E911 (Cont'd)

##### D. Definitions (Cont'd)

Public Safety Answering Point (PSAP) is the predetermined location where the subscribing customer's employees answer E911 calls and dispatch to appropriate or combination of agencies responsible for providing emergency service in the E911 servicing area.

Enhanced 911 Service Area is the geographical area in which the subscribing customer will respond to all E911 calls and dispatch appropriate emergency assistance.

Universal Emergency Number Service is a telephone exchange service for receiving telephone calls placed by person in need of assistance who dial the number 911. Such calls are answered at PSAPs established and operated by the customer. The lines and the equipment specified in this tariff section and other exchange carriers' tariffs, are associated with the service arrangements for the answering, transferring and dispatching of public emergency telephone calls.

d/b/a Camellia Communications

Section 8  
Original Sheet 1

### S8. GENERAL RULES AND REGULATIONS

#### S8.1 USE OF SERVICE

##### A. Abuse or Fraudulent Use of Service

1. The service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of service includes:
  - a. the use of service or facilities of the Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of the charge applicable for service;
  - b. rearrangement of, tampering with or connection of equipment to the facilities of the Company to obtain, to attempt to obtain or to assist others to obtain service without payment (in total or in part) of regular charges for the service.
  - c. false representation, scheme, trick or device whatsoever intended to avoid payment (in total or in part) of regular charges for the service;
  - d. the use of service or facilities of the Company for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment or harass another;
  - e. the use of profane or obscene language;
  - f. the use of the service in such manner as to interfere unreasonably with the use of the service by one or more other customers;
  - g. the impersonation of another;

##### B. Use of Service for Unlawful Purposes

The service is furnished subject to the condition that it shall not be used for any unlawful purpose.

## GENERAL SUBSCRIBER SERVICES TARIFF

d/b/a Camellia Communications

Section 8  
Original Sheet 2

### S8. GENERAL RULES AND REGULATIONS

#### S8.1 USE OF SERVICE (Cont'd)

##### C. Use of Customer Service

Customer telephone service, as distinguished from public and semi-public telephone service, is furnished only for use by the customer, his family, employees, or business associates, or persons residing in the customer's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a customer's residential premises. The Company has the right to refuse to install customer service or to permit such service to remain on premises of a public or semipublic character when the station is so located that the public-in-general, or patrons of the customer may make use of the service. At such locations, however, customer service may be installed, provided the instrument is so located that it is not accessible for public use.

##### D. Minimum Contract Period

1. Except as specified elsewhere in this Tariff, the minimum contract period is one month from the date service or additions to service are established and the minimum charge is the authorized rate for one month. For purposes of rate administration each month is considered to have 30 days.
2. The Company may require a contract period longer than one month at the same location in connection with special types or arrangements of equipment or for unusual construction necessary to meet specific demands for service.

##### E. Termination of Service

1. By the Company
  - a. The Company may refuse to furnish, suspend service or terminate the subscriber's contract without suspension of service, or, following a suspension of service, sever the connection and remove any of its equipment from the subscriber's premises upon:
    - (1) Abandonment of the service.
    - (2) Failure of a subscriber to make suitable deposit as required by this Tariff.

### S8. GENERAL RULES AND REGULATIONS

#### S8.1 USE OF SERVICE (Cont'd)

##### E. Termination of Service (Cont'd)

##### 1. By the Company (Cont'd)

##### a. (Cont'd)

- (3) Objection to the furnishing of a service made in writing by or on behalf of any governmental law enforcement agency acting within its jurisdiction, on the grounds that such service is, or will be, used for an illegal purpose;
- (4) Use of a service in such a manner that, in the opinion of the Company, constitutes abuse or fraud or may tend to injuriously affect the efficiency of the Company's plant, property, or service;
- (5) Any other violation of the Company's rules and regulations applying to a subscriber's contract or to the furnishing of a service.
- (6) Non-payment of any sum due the Company for exchange, long distance or other service.

##### 2. At customer's request

- a. Contracts for service may be terminated prior to the expiration of the contract period provided advance notice is given to the Company and upon agreement to pay all charges due for the service furnished which might be applicable.
- b. Where a contract for service with a one month minimum period is cancelled before establishment of the service is completed, a charge not to exceed the service charge specified, is applied if all or a portion of the facilities have been installed.

## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 8  
Original Sheet 4

### S8. GENERAL RULES AND REGULATIONS

#### S8.1 USE OF SERVICE (Cont'd)

##### E. Termination of Service (Cont'd)

##### 2. At Customer's Request (Cont'd)

- c. No minimum charge will apply (unless otherwise stated specifically in this Tariff) where a new customer takes over the service of the former customer provided the service is to be furnished at the same location without interruption and that the new customer assumes all unpaid charges on the original contract. Minimum and termination charges will apply for any service furnished under the original contract which is not retained by the new customer.

##### F. Resale of Service

The resale of any service, provided by the Company is not permitted except as provided elsewhere in this Tariff or as specifically authorized by the Company.

#### S8.2 ESTABLISHMENT AND FURNISHING OF SERVICE

##### A. Applications for Service

1. The Company requires either a written or verbal application for all telephone service.
2. Any change in rates or regulations found within this Tariff modifies the terms and regulations of the Agreement between the Company and the Customer.
3. The Company reserves the right to refuse service to any applicant who is found to be indebted to the Company or any other Telephone Company in Alabama for service previously furnished until satisfactory arrangements have been made for the payment of all such indebtedness. The Company may also refuse to furnish service to any applicant desiring to establish service for former subscribers of the Company who are indebted for previous service, regardless of the listing requested for such service, until satisfactory arrangements have been made for the payment of such indebtedness.

### S8. GENERAL RULES AND REGULATIONS

#### S8.2 ESTABLISHMENT AND FURNISHING OF SERVICE (Cont'd)

##### A. Applications for Service (Cont'd)

4. If telephone service is established and it is subsequently determined that either condition in 3. above exists, the Company may suspend or disconnect such service until satisfactory arrangements have been made for the payment of the prior indebtedness.

##### B. Application of Business Rates

1. Businesses rates apply in offices, stores, factories, institutions, firms which have offices, and at all other places usually recognized as being of a strictly business nature.

At residence locations when the customer has no regular business telephone and the use of the service either by himself, members of his household, or his guests, or parties calling him can be considered as more of a business than of a residence nature, which fact might be indicated by advertising, either by business cards, newspapers, hand bills, billboards, circulars, motion picture screens, or other advertising matter, such as on vehicles, etc., or when such business use is not such as commonly arises and passes over to residence telephones during the intervals when, in compliance with the law or established custom, business places are ordinarily closed.

3. Where the place of business and residence of a customer are in the same premises and no telephone is installed in the place of business, the business rate shall be charged for the telephone installed in the residence.

4. At residence locations, when a telephone station or extension bell is located in a shop, office, or other place of business.

5. At any location where the listing of service at that location indicates a business, trade, or profession, except as specified below.

#### S8.2 ESTABLISHMENT AND FURNISHING OF SERVICE (Cont'd)

##### C. Application of Residence Rates

1. Residence rates apply in private residences where business alphabetical or classified telephone directory listings are not provided.
2. In private apartments in hotels, boarding houses where the service is confined to the domestic use of the subscriber and business listings are not employed.
3. At the residence of a clergyman, physician, nurse, mid-wife, dentist, veterinary surgeon or other medical practitioner, provided the telephone is not located in that portion of the subscriber's residence which is used as an office, and provided no business designation is employed. Abbreviated titles such as "Dr.", "Professors", "Rev. ", are not considered business designations.
4. In a private stable or garage when strictly a part of the subscriber's domestic establishment.
5. In a college fraternity house where members of the fraternity maintain residence.

##### D. Advance Payments

The Telephone Company bills local service in advance. Advance payments may be required for the provision of basic local service or a deposit to establish credit as described in section 25.4 (b) may be required. In any case where construction is required, the Company may, as a guarantee of good faith, collect one year's exchange service charges in advance of the construction. Such advance payment shall be applied against exchange service charges only and shall not operate to prevent the suspension and/or discontinuance of all service for the nonpayment of toll or other charges which may become past due. Should a telephone installed under these conditions be discontinued before the expiration of the period for which advance payment was made, the amount collected shall be considered the minimum charge for the exchange service received.

d/b/a Camellia Communications

Section 8  
First Revised Sheet 7

**S8. GENERAL RULES AND REGULATIONS**

**S8.2 ESTABLISHMENT AND FURNISHING OF SERVICE (Cont'd)**

**E. Customer Billing**

1. The customer is responsible for all charges in conjunction with the services furnished him including collect toll messages which have been accepted at the customer's telephone.
2. Monthly recurring charges are billed in advance and toll charges are billed in arrears.
3. Bills are due when rendered unless otherwise specified on the bill and may be paid at any business office of the Company or at any agency authorized to receive such payments. If objection in writing is not received by the Telephone Company within 30 days after the bill is rendered, the account shall be deemed correct and binding upon the subscriber.
4. For billing purposes each month is presumed to have thirty days.
5. The Company may temporarily suspend service in the event the customer fails to pay any amount due. Such suspension shall not be made until at least five days following written or verbal notification to the customer of the intention to suspend service.
6. If any portion of the payment is not received by the Company before the next billing date, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment, then a late payment charge and/or an interest charge of 1.5% per month, or the highest amount allowed by law, whichever is lower, shall be due to the Company on all charges remaining due and unpaid. A late payment charge is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late payment charges are to be applied without discrimination.

(N)  
|  
(N)

**F. TELEPHONE NUMBERS**

1. The customer has no property right to the telephone number nor any right to continuance of service through any particular central office.
2. The Company reserves the right to change the customer's telephone number or the central office associated with such number, or both, as may be required for the proper conduct of its business.

##### G. ALTERATIONS (M)

The customer agrees to notify the Company promptly whenever alterations or new construction on premises owned or leased by him necessitate changes in the Company's equipment; and the customer agrees to pay the Company's current charges for such changes.

##### H. SPECIAL CONSTRUCTION

1. Private Property (See also Section 5, Charges Applicable Under Special Conditions)
  - a. An average amount of entrance and distribution facilities may be furnished by the Company provided the facilities are of the standard type normally furnished for the particular location or kind of service.
  - b. If additional entrance or distribution facilities are required; if the conditions are such as to require special equipment, maintenance or methods of construction; if the stability of the customer has not been established; if the installation is for a temporary or semi-permanent purpose or if for any other reason the construction costs are excessive as compared with the revenue to be derived, the applicant shall be required to pay the costs over and above those applicable for a normal installation.
  - c. The customer will provide the Company without charge written permission for the placing of the Company's facilities on the property.
2. Underground
  - a. When feasible conduit will be furnished by the Company at cost, or conduit may be provided by the applicant subject to the Company's specifications. Conduit used for telephone company facilities may not be used for any other purpose without the consent of the Company. The distance between the conduit and any Electric Light or Power Conduit or

Conductor shall be in accordance with the Company's specifications.

- b. The customer shall be required to pay the entire cost of maintenance of conduit including subsequent excavations and replacements necessary because of damage resulting from negligence on the part of the customer or his representatives or from freezing or improper drainage.

###### 2. Underground (Cont'd)

- c. The cost of relocating underground entrance facilities at the customer's request will be borne by the customer.

##### I. SPECIAL ASSEMBLIES OF SPECULATIVE PROJECTS

1. Special assemblies of speculative projects for which provision is not otherwise made in this Tariff may be provided where practicable, if not detrimental to any of the services furnished by the Company.

- a. The charge for such facilities may be in the form of an installation charge, a monthly charge, or any combination thereof and will include when applicable, one or more of the following estimated expense items associated with the special service provided:

- (1) maintenance expense
- (2) depreciation expense – including reusable and non-recoverable items
- (3) administration expense
- (4) taxes - including Federal Income Tax
- (5) any other specific items of expense that may be associated with the facility provided
- (6) a reasonable return on investment

### S8. GENERAL RULES AND REGULATIONS

#### S8.4 OBLIGATION AND LIABILITY OF THE COMPANY

(M)

##### A. Undertaking of the Company

The Company does not undertake to transmit messages, but offers the use of its facilities, where available, for communication between parties subject to the terms and conditions specified in this Tariff.

##### B. Furnishing of Equipment

1. All equipment necessary for the provision of a given service will be furnished by the Company on a deregulated basis or by the customer except as provided elsewhere in this Tariff. The customer may be required to provide suitable housing or other protective measures where equipment is to be installed in locations exposed to weather or other hazards. Commercial power will be furnished by the customer on his premises in suitable outlets when required.

(M)

2. No equipment, apparatus, circuit or device not furnished by the Company shall be attached to or connected with the facilities furnished by the Company; whether physically, by induction, acoustically or other; except as provided in this Tariff or as otherwise authorized in writing by the Company. In case any such authorized attachment or connection is made, the Company shall have the right to remove or disconnect the same or to terminate the service.

3. The provisions of the preceding shall not be construed or applied to bar a customer from using devices which serve his convenience in his use of the facilities of the Company provided any such device so used does not:

- a. Endanger the safety of Company employees or the public;
- b. Damage, require change in or alteration of, or involve direct electrical connection to, the equipment or other facilities of the Company, unless as provided for elsewhere in this Tariff;
- c. Interfere with the proper functioning of such equipment or facilities;
- d. Impair the operation of the communication system;
- e. Otherwise injure the public in its use of the Company's services.

(M)

(D)

|

(D)

**C. Furnishing of Service**

The Company's obligation to furnish service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment.

**D. Maintenance and Repair**

1. All costs associated with the maintenance and repair of regulated services furnished by the Company will be borne by the Company, except as specified elsewhere in this Tariff.

2. The Company will be reimbursed for any loss or damage to its facilities on the customer's premise resulting from intentional destruction or any other cause, except from fire or unavoidable accidents.

3. Access to customer's premises, at any reasonable hour, will be given to representatives of the Company for the purpose of inspecting, repairing, testing or removing any part of the Company's facilities.

**S8.5 LIMITATIONS AND USE OF SERVICE**

A. Network Facilities for Use with Automatic Dialing and Announcing Devices

- 1. Subscribers who wish to use automatic dialing and announcing devices for solicitation purposes must do so pursuant to the following terms and conditions.
  - a. No numbers will be called in sequential fashion. Sequentially placed calls refer to those calls automatically dialed by successively increasing or decreasing integers, or similar methods.
  - b. Where facilities permit, the equipment shall be so programmed or utilized in such a manner as to automatically disconnect a called party's line not later than ten seconds after the called party hangs up.

#### S8.5 LIMITATIONS AND USE OF SERVICE (Cont'd)

##### A. Network Facilities for Use with Automatic Dialing and Announcing Devices (Cont'd)

##### 1. (Cont'd)

- c. Within 20 seconds after the called party answers, the name and telephone number of the individual or firm making or paying for the call, including but not limited to, the name of the individual or firm on whose behalf the call is made, must be clearly stated.
- d. At the conclusion of the call, the name and telephone number of the individual or firm making or paying for the call, including but not limited to, the name of the individual or firm on whose behalf the call is made, must again be clearly stated.
- e. If the customer's response is to be recorded, they must be informed of such and permission must be granted.
- f. If the solicitation call requires a response by the customer and a charge will apply, the customer must be informed that the response is not a free call. The vendor at this time, must give the customer the amount of the charges that will be applied if they respond.
- g. No calls will be placed to organizations providing emergency services, including but not limited to hospitals, nursing homes, fire departments, and law enforcement agencies.
- h. No calls will be placed on Sundays or Holidays. No calls will be placed between the hours of 8:00 p.m. and 8:00 a.m., Monday through Saturday.
- i. The Telephone Company is under no obligation to provide lists of telephone numbers or any directory information . (C)
- j. Messages must not contain obscene or profane language.

### S8. GENERAL RULES AND REGULATIONS

#### S8.5 LIMITATIONS AND USE OF SERVICE (Cont'd)

- A. Network Facilities for Use with Automatic Dialing and Announcing Devices (Cont'd)
- k. Solicitation calls for the sale of pornographic material will not be allowed.
  - l. This type telecommunication service will not be used for any unlawful purpose.
  - m. Connection of customer provided communication systems must meet the Telephone Company's requirements as well as Part 68 of the Federal Communications Commission's Rules and Regulations.
  - n. Emergency and unlisted telephone numbers will not be used with recorded solicitation communication.
2. In cases where there is an existing business relationship between the called party and the subscriber and where the subscriber uses the dialing and announcing devices strictly as a follow up device to supply information related to these prior dealings, the preceding terms and conditions will not apply. However, even subscribers who have had prior dealings with the called party will not be allowed to utilize the automatic dialing and announcing devices for solicitation purposes.
3. Any subscriber operating or utilizing automatic dialing equipment who does so in violation of the provisions set forth preceding will be subject to immediate disconnection of telephone service.

## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 9  
Original Sheet 1

### S9. DEFINITIONS

#### S9.1 DEFINITIONS

**ACCESS LINE** - A circuit directly connecting the central office switching equipment with the subscriber's termination point.

**AREA CALLING SERVICE** - An optional offering that provides seven digit local calling from the subscribers home wire center to all Company wire centers and participating independent company wire centers within a 40 mile radius within the same LATA, based on airline mileage, in addition to the existing local calling area.

**BASE RATE** - A schedule rate for any exchange service which does not include mileage charges.

**BASE RATE AREA**- The developed sections which are a part of or contiguous to the community in which the exchange is located as set forth in the telephone utility's tariffs and within which specified area local exchange service is furnished at uniform rates without mileage or zone rate charges.

**CALL** - An attempted or completed communication.

**CENTRAL OFFICE** - A unit in which connections are made and switching is accomplished between telephone access lines and to the toll network.

**CHANNEL** - A path for communication between two or more stations, or central offices, furnished in such a manner as the Company may elect, whether by wire, radio or a combination thereof and whether or not by a single physical facility or route.

**CLASS OF SERVICE** - A description of telecommunications service furnished a customer which denotes such characteristics as nature of use (residence) or type of rate (flat rate, measured rate, or message rate).

**COMMISSION** - Alabama Public Service Commission.

## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 9  
Original Sheet 2

### S9. DEFINITIONS

#### S9.1 DEFINITIONS

**COMMUNICATIONS SYSTEM** - Channels and other facilities which are capable, when not connected to exchange telecommunications service, of two-way communications between customer-provided terminal equipment or deregulated Company provided stations.

**COMPANY** - Wherever used in this tariff, refers to Hayneville Fiber Transport, Inc. D/B/A Camellia Communications unless the context clearly indicates otherwise.

**CONNECTING ARRANGEMENT** - The equipment provided by the Company to accomplish the direct electrical connection of customer-provided facilities with the facilities of the Company or of facilities of the Company with other facilities of the Company.

**CONSTRUCTION CHARGE** - A separate nonrecurring charge made for the construction of facilities in excess of those contemplated under the rates quoted in the service order schedule.

**CONTINUOUS PROPERTY** - The plot of ground, together with any buildings thereon, occupied by the customer, which is not divided by public highways or separated by property occupied by others. Where a customer occupies property on both sides of a street, alley, highway, body of water, railroad right-of-way, etc., and the properties would otherwise be continuous, such properties are treated as continuous property provided local wire or cable facilities are used and the customer furnished all local distribution pole line facilities or underground conduit required in connection therewith.

**CONTRACT** - The arrangement between a customer and the Company under which service and facilities are furnished in accordance with the applicable provisions of the tariff.

**COST** - The cost of labor and materials, which includes appropriate amounts to cover the Company's general operating and administrative expenses.

**CUSTOMER** - The individual, partnership, association or corporation which contracts for telephone service and is responsible for the payment of charges and compliance with the rules and regulations of the Company.

## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 9  
First Revised Sheet 3

### S9. DEFINITIONS

#### S9.1 DEFINITIONS

**CUSTOMER PROVIDED TERMINAL EQUIPMENT** - Devices or apparatus and their associated wiring, provided by a customer, which do not constitute a communications system and which, when connected to the communications path of the telecommunications system, are so connected either electrically, acoustically, or inductively.

**CREDIT CARD** - Denotes a billing arrangement by which a long distance call may be charged to an authorized Company credit card number.

(D)  
(D)

**DROP WIRE** - Paired wires, insulated and under a common cover, which connect a subscriber's line from the terminal on the pole to the point of demarcation on the customer's premises.

**EXCHANGE** - A geographical area established for the administration of telephone service in a specified area, called the "Exchange Area", which usually embraces a city, town, or village, and its environs. It may contain one or more central offices together with the associated plant, equipment, and facilities used in furnishing communication service within that area.

**EXCHANGE SERVICE** - The furnishing of facilities for the telephone communication within an exchange area, in accordance with the regulation and charges specified in the tariff. Exchange facilities are used to establish and maintain connection between an exchange station and the other telephone plant and facilities in connection with long distance calls or extended area service calls.

**EXTENDED AREA SERVICE (EAS)** - A type of telephone switching and trunking arrangement which provides for unlimited calling between two or more telephone exchanges based on a usage-sensitive structure and/or a flat rate additive, if applicable.

**EXISTING CUSTOMER** - Reference to existing customer in both the General Exchange Tariff and the Obsolete Section 100 means customer as of the date of this tariff.

**GENERAL SUBSCRIBER SERVICES TARIFF**

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 9  
First Revised Sheet 4

**S9. DEFINITIONS**

**S9.1 DEFINITIONS**

**FACILITIES** - All property and means owned, operated, leased, licensed, used, furnished, or supplied for, by or in connection with the rendition of telephone service.

**INDIVIDUAL LINE** - An access line designed for the exclusive use of a subscriber.

**INITIAL SERVICE PERIOD** - The minimum length of time for which a customer is obligated to pay for service, facilities and equipment, whether or not retained by the customer for such minimum length of time.

**INSTALLATION CHARGE** - A nonrecurring charge applying to the provision of certain items of equipment or facilities as distinguished from the service connection charge applicable for establishment of basic telephone service.

**JOINT USE OF SERVICE** - An arrangement whereby an individual, whose telephone needs are not such as to justify the provision of separate customer service, is permitted to use the service of a customer.

(D)  
|  
(D)

**MESSAGE** - A completed telephone call regardless of length of call or time and distance involved.

**MESSAGE RATE** - Local exchange service billed on a per-message basis.

**MILEAGE** - The measurement upon which charges are computed for Foreign Exchange, tie lines and private lines.

## GENERAL SUBSCRIBER SERVICES TARIFF

Hayneville Fiber Transport, Inc.  
d/b/a Camellia Communications

Section 9  
Original Sheet 5

### S9. DEFINITIONS

#### S9.1 DEFINITIONS

**MINIMUM CONTRACT PERIOD** - The minimum length of time for which a customer is obligated to pay for service, facilities and equipment, whether or not retained by the customer for such minimum length of time.

**MOVE** - A transfer of telephone service from one location to another on the same premise where there is no interruption of service other than is incident to the work involved. Transfers of telephone service from one premise to another, or from location to another on the same premise involving a break in the continuity of service and resulting in cessation of local service charges but not considered as moved but as new service and service charges that may be applicable.

**NETWORK CONTROL SIGNALING UNIT** - The terminal equipment furnished, installed, and maintained by the Company for the provision of network control signaling.

**NEW SUBSCRIBER** - Applicants having no basic monthly service or those subscribers changing service premises.

**PREMISE** - The building, portion or portions of a building on continuous property used and/or occupied at one time as a residence. Where floor space adjoining buildings is made continuous at one or more floor levels, all floor space in both buildings is considered the same premises insofar as the customer who uses and occupies such continuous floor space is concerned, the two buildings otherwise being considered as separate buildings.

**PREMISE VISIT** - Applies for all work ordered and requested to be completed at the same time on the same premises.

**PRIVATE LINE** - A circuit provided to furnish communication between two or more instrumentalities directly connected to it. Such instrumentalities do not have access to the general exchange and interexchange networks.

d/b/a Camellia Communications

Section 9  
First Revised Sheet 6

### S9. DEFINITIONS

#### S9.1 DEFINITIONS

**REGRADE** - A change in the classification of service.

**RESIDENCE SERVICE** - Telephone service furnished to customers when the actual or obvious use is for domestic purposes.

**SERVICE CHARGE** - A nonrecurring charge applying to the ordering, connecting, moving, changing, rearranging and furnishing of telephone service and other telephone facilities and service.

**SERVICE ORDER CHARGE** - The charge for receiving and recording information and/or taking action in connection with a subscriber or applicant and processing the necessary data.

- a. Primary - Applies per customer request for work performed by the Company for the same account. Where more than one account is located at the same premises, work in each individual account will be considered separately.
- b. Secondary - Applies per customer request for changes in existing service. The charge is specified when applicable to a particular service. This charge is applied to changes in credit card applications, and O.C.P. (D, C)

**SUBSCRIBER** - See "CUSTOMER".

**SUSPENSION OF SERVICE** - An arrangement made at the request of the subscriber, or initiated by the Company for violation of Tariff Regulations by the subscriber, for temporarily discontinuing service without terminating the service agreement or removing the telephone equipment from the subscriber's premises.

**SWITCH** - A unit of dial switching equipment which provides interconnection between station lines or trunks.

**TARIFF** - The rates, charges, rules and regulations adopted and filed by the Company and approved by the Alabama Public Service Commission.

**TELEPHONE COMPANY** - See "COMPANY".
